12:00- Lunch and movement break

**1:00- Social Studies Lesson:**

- Crayfish - Bring you bag and red paper from the print package and glue to class.

**1:30- Social Studies Time: Finish your crayfish. Attach all the legs, antennae, colour the body and attach tail and claws.**

**Recycled Crayfish Craft**

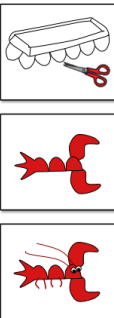

Though crayfish are not native to Nova Scotia, fishing for them in local lakes is a popular activity. They look like tiny lobsters and come in a variety of colours such as red, blue, yellow, green, brown and white.

**Materials Needed**

egg cartons	construction paper	glue
paint	pipe cleaners	sharpie marker

**Directions:**

1. Start by cutting the egg carton into four pieces. Each crayfish will be three units long.
2. Paint the carton the colour of your choice. This section represents the body of the crayfish.
3. Cut out some front claws and tail out of matching cardstock.
4. Glue the tail and claws to the body. White glue or craft glue will work well for this.
5. Add details to your crayfish such as walking legs, antennae and goopy eyes.
